KRUGER NATIONAL PARK

South Africa is home to some of the best national parks in the world for photographic tours. At the very top of the list is the famous Kruger National Park. This 2 Million Hectare park, home to an astounding abundance of fauna and flora, boasts some of South Africa's best game viewing. You'll never know what photo opportunity awaits around the next corner.

Accommodation options for the park are quite numerous and range from ultra-luxurious to very basic. At your request, Chattaronga will gladly arrange a photographic tour that suits your budget and preferences to take place following your safari. Just specify this option while arranging your Chattaronga safari with us.

MAPUNGUPWE NATIONAL PARK

The major attractions are the great number and variety of archaeological sites; San art sites; game and Big Five experiences; unusually large examples of numerous trees including baobabs and climbing figs; scenery; "moon landscapes" of sandstone formations; bird life; eco routes and "three country" experiences.

Activities

- Guided tours to the archaeological and cultural sites
- Visiting the Tree top walk and various game and bird hides
- Self guided trails; Eco routes; guided trips to Limited Motorized Zones
- Birding trips and night drives.

CHOBE SAFARI LODGE

Duration: 3 days, 2 nights
Minimum of 2 clients

Chobe Safari Lodge, located on the banks of the Chobe River in northern Botswana, is the best destination for serious game viewers. The Park is home to over 80 000 elephants as well as numerous herds of buffalo. There are plenty to choose from when it comes to food venues. The Sedudu Bar, overlooking the Sedudu Island in the Chobe river, is the place to unwind with a sundowner.

Of all the activities offered (including mokoro safaris, guided walks, game drives, fishing, birdwatching and visits to the Xaxaba village), the helicopter flight over the Okavango Delta is surely the highlight.

VICTORIA FALLS

Duration: 1 day
Minimum of 2 clients

While it is neither the highest nor the widest waterfall in the world, it is classified as the largest, based on its width of (5,604 ft) and height of (354 ft), resulting in the world's largest sheet of falling water.

Victoria Falls is roughly twice the height of North America's Niagara Falls and well over twice the width of its Horseshoe Falls. In height and width Victoria Falls is rivalled only by Argentina and Brazil's Iguazu Falls.

Activities

- Elephant Back Safari
- Solo Bungi Jump
- Jet Boat Extreme
- 1 Day Rafting
- Helicopter flight
- Walking with Lions

ACTIVITIES AT CHATTARONGA

MORNING & SUNSET GAME DRIVES

Game drives are done in open 4x4 game drive vehicles by well trained guides. Regular sightings of Rhino, Buffalo, Sable antelope, Zebra, Gemsbok, Kudu, Giraffe, Impala, Eland and Blue Wildebeest. Morning drives are about 3 hour and starts at 7am.

NIGHT DRIVES

Night drives are offered after dinner. Night drives are very popular, where we concentrate on nocturnal animals only. Aardwolf, small spotted genet, and a very good chance to see the elusive armadillo, various rodents, owls make for an unforgettable game drive, not to mention the star-studded night sky.

BIRD & GAME VIEWING

Bird & game hide overlooking a water hole, which is an excellent location for photography and general game viewing.

FISHING

Fishing for the legendary species of bream, barbel (catfish), yellowfish, squeaker and mackerel not only provides an exciting fishing experience, but excellent game viewing (crocodile, hippo) and birding as well. Equipment is provided, and a knowledgeable guide is on hand for all expeditions. Fishing is done by boat positioned near banks and mid-river reads. The fishing is done at the Magalakwena River Lodge, part of Chattaronga Safaris, about 20 min. drive from the Chattaronga's Baobab Lodge.

BEYOND THE HUNT,
ANOTHER WORLD TO CAPTURE.

EVERYTHING YOU NEED TO KNOW BEFORE AND DURING YOUR ONE OF A KIND EXPEDITION.

FORMALITIES

A valid passport is needed to enter any of the countries that we hunt in. South Africa does not usually require a Visa. However some countries do require a visa to enter Zimbabwe, most of the time these can be obtained at your port of entry into Zimbabwe.

CITES PERMITS

Certain animal species will require a CITES (Convention on International Trade in Endangered Species) permit for the import of the trophy into your country of origin. We do not recommend applying for the permit before you have harvested your desired trophy, after your safari you can apply as you will then have the required documentation required from Chattaronga in order to apply for your CITES permit.
